Employment Chronology

Altair Associates, Inc.
Minneapolis, Minnesota

May, 2011 / Present

Senior Analyst

- Performed casualty and property reinsurance and insurance claim audits in North and South America, involving property, general liability, automobile, professional liability and other lines of business.
- Performed underwriting, claims, and operational audits of Lloyd's coverholders in Quebec, Canada, which required proficiency in the French language.
- Assisted in the determination of the accuracy of claims ceded to reinsurers as part of a dispute resolution.
- Analyzed claim status and values for commutation considerations.
- Managed client internal and external claim reserve studies.

Travelers Insurance Company
St. Paul, Minnesota

September, 1997 / December, 2008

Global Accounts Claims Director

- Led Global Claims Department that delivered highest quality of international claims service to commercial accounts in all four corners of world.
- Maintained oversight of Claim Managers in ten countries throughout world, ensuring high standards of claim service delivery to customers.
- Conducted technical and operational claim audits and identified improvement opportunities that resulted in increased claim-handling efficiencies and reduced average claim resolution from eighteen to ten months.
- Supervised and handled directly large-exposure liability and property claims in global operations, achieving cost-effective resolution of claims, while reducing litigation costs by 25% in the last three years.
- Implemented litigation management strategies that reduced legal costs by 20% in defending medical malpractice claims in France and Ireland.

- Worked closely with non-owned international partner network (International Network of Insurers) and ensured uniform delivery of world-class claims service for customers in countries with no local presence.
- Maintained close relationship with internal business partners, such as underwriting, actuarial and risk control, by keeping them closely advised of large - exposure claims and claim trends, which resulted in more accurate pricing of international insurance business.
- Participated as key team member in marketing presentations for large commercial accounts with international exposures, including Starbucks, Federal Mogul, and Pricemart, resulting in 87% retention and production of new accounts.
