Welcome to POLAR Trailer and Utility Cart country, where our work day starts when the sun comes up and goes until the sun hides beneath the plains. We rely on our equipment to get through the day so we build the toughest, most rugged trailers in the industry, period.

POLAR trailers use a high-impact polyethylene bed that won’t rust, dent, or corrode—ever. Extra-thick beds, walls, and gunnels stand up to rocks, firewood and debris like no aluminum or plastic trailer could. Featuring the Original Tilt & Swivel Frame you can dump your payload wherever you choose. Just flip the quick release latch & tilt, swivel and dump the trailer bed. The raised nose and tail on POLAR Trailer bed adds to the hauling capacity while still allowing for easy side loading. All of our polyethylene trailer models feature a pass through axle design that lets you pull your trailer over nearly any terrain. A 12-inch ground clearance meets or exceeds that of many ATV’s and off-road utility vehicles.

Whether it’s on the farm, in the garden, on the hunt, or in the yard — POLAR has the perfect trailer or cart to fit your job.
TRAILER AND CART SYSTEMS.

- Tough, durable trailer and cart systems.
- Warranty through pass axle.
- Original tilt & swivel.

Images of different types of trailers and carts in a field with a pile of wood.
The POLAR UTILITY CART has been engineered to provide a rugged and durable tool for hauling everything from rock, mulch, dirt, firewood, leaves, grass clippings, hunting & camping gear, game and so much more. Solid rubber wheels never need inflating. The utility cart is perfect for picking the garden, freshening up the mulch, or cleaning the chicken coop!

**FEATURES**
- HIGH-IMPACT POLYETHYLENE TUB
- OPTIMUM BALANCE FOR EASY, HEAVY LOAD HAULING
- SEALED BALL BEARING HUB FOR SMOOTH OPERATION
- SOLID RUBBER SPOKED WHEELS
- EASY ASSEMBLY

LG 7

The POLAR LG 7 is the perfect model for any sized back yard or farm job. It boasts a 600-lb. capacity and is built to last. The Tubular Frame Technology is far superior to its sheet metal frame competitors. POLAR’s LG 7 comes with a tilt-and-swivel tongue for superior maneuverability. High ground clearance also makes this the most versatile utility trailer in its class.

FEATURES

★ HIGH-IMPACT POLYETHYLENE TUB
★ OPTIMUM BALANCE FOR EASY, HEAVY LOAD HAULING
★ SEALED BALL BEARINGS – NO GREASE NEEDED
★ ORIGINAL TILT AND SWIVEL FRAME
★ QUICK-RELEASE TIPPER LATCH
★ ALL-STEEL FRAME WITH POWDER COAT FINISH
★ CLEANER DUMP VS. COMPARABLE MODELS
★ WORKS GREAT WITH AN ATV OR LAWN TRACTOR
★ EASY ASSEMBLY

The first mesh trailer in POLAR’s line, the HD Mesh trailer combines all the great features that are synonymous with POLAR Trailer like higher ground clearance, heavy duty tires, and larger tubing frames. But this workhorse was designed with a military-grade steel mesh cargo basket to withstand the toughest punishment on the farm or in the field. The POLAR HDM 1400 is also available with our Rocking Tandem Axle arm that “walks” over tough terrain for added stability while hauling heavy loads.

**FEATURES**

- All steel frame with powder coat finish
- Original tilt and swivel frame
- Quick release foot controlled tipper latch
- Removable tailgate and side rails
- Sealed ball bearings – no greasing needed
- Higher ground clearance versus comparable models
- Heavier gauge mesh versus comparable models
- Larger tubing versus comparable models (1” rails vs. .75”)
- Welded one piece bed – industry standard is two piece bolted

The POLAR HD MAX is the King of our Trailer Line. This trailer can haul just about anything you can throw in it and carry it over the roughest of terrains. Once you have the trailer in position, pull the tailgate and dump your payload right where it needs to be. A heavy duty, removable rotating tailgate gives a cleaner dump than comparable models. Also available with a Rocking Tandem Axle for tougher jobs in rough terrain.

**FEATURES**

- HIGH-IMPACT POLYETHYLENE TUB
- OPTIMUM BALANCE FOR EASY, HEAVY LOAD HAULING
- SEALED BALL BEARINGS – NO GREASE NEEDED
- ORIGINAL TILT AND SWIVEL FRAME

**SIDE RAIL KIT**

Increase your payload dramatically by adding side rails to your POLAR by CLAM trailer. Includes mounting hardware and instructions. (Trailer sold separately). Fits 2007 model year or newer.

- **LG7** ITEM #9625
  Increases load size 7-12 cubic ft.
- **LG900** ITEM #9626
  Increases load size 10-16 cubic ft.
- **1200 Series** ITEM #8271
  Increases load size 15-24 cubic ft.
- **1500 Series** ITEM #8272
  Increases load size 22-35 cubic ft.

**FOOT PEDAL LATCH**

- **ITEM #10537**
  Carbon steel construction
  Includes all hardware to install
  Durable gloss black finish
  Easy to use
  Overall dimensions: L8” x W6” x H3”

**TOOL ORGANIZER**

- **ITEM #10518**
  15 Tool locations & access tray
  Two 3.5” diameter cup holders
  3/8” diameter rod for hanging items/tools
  Two 1.25” diameter holes to store shovels, rakes etc.
  Includes all hardware to install
  Durable gloss black finish
  Carbon steel body
  Works with all Polar trailers and carts (except Polar Cub Cart)
**TOOL RACK**

ITEM #10517
FITS UP TO THREE LONG HANDLED TOOLS
CARBON STEEL CONSTRUCTION
INCLUDES ALL HARDWARE TO INSTALL
DURABLE GLOSS BLACK FINISH
WORKS GREAT FOR TOOLS UP TO 1-5/8" DIAMETER
OVERALL DIMENSIONS: L19” x W10” x H4.75”
WORKS WITH ALL POLAR TRAILERS AND CARTS
(EXCEPT POLAR CUB CART)

**TRAVEL COVER**

POLAR by CLAM’s oversized cargo cover seals tightly around your POLAR trailer bed, protecting gear from snow, rain and mud.

**COUPLER KIT**

Add a two-inch coupler to any 1200/1500 Series trailer. Zinc coated coupler fits POLAR’s two-inch channel tongue and features a lockable trigger release for quick, secure hitching.

Two-inch Coupler Kit, ITEM #8260

**TANDEM WALKING ARM**

Sometimes two wheels just aren’t enough.
Our TANDEM WALKING ARM™ lets you convert a single-axle POLAR trailer into an extra-stable workhorse. Heavy-duty welded steel brackets straddle each end of the axle to distribute weight, even on top capacity loads resulting in a more stable load. Tandem Walking Arm™ kits are sold in pairs and are compatible with the 1200 and 1500 trailers.

Tandem Walking Arm Kit (Pair), ITEM #8251
