

THE RULES FOR THE WEDDING DAY

The Rules For the Wedding Day

The Barn Doors: Creekside Farm staff are the only people allowed to open and close the barn doors. When opened, they are opened and latched for safety reasons. You may tell us when you would like them open and shut and we would be happy to open and close them for you.

The Fire Pit: Creekside Farm staff will light the fire pit when you would like us to. There must be an adult by the fire pit at all times while children are present. Nothing should be thrown into the fire pit. (cigarettes, paper, etc.)

Alcohol : We don't mind if you enjoy a **beer or glass of wine** while getting ready. **There is no hard alcohol allowed while getting ready**, there are no exceptions to this. All beer & wine must be out of the barn and locked into your vehicle 1 hour before the ceremony. The bar service takes over from there and all alcohol left in the rooms will be cleaned out and thrown away. The celebration is in the barn not in the parking lot so please refrain from drinking out there. Absolutely no underage drinking will be tolerated.

Smoking: Guests are welcome to smoke in the front of the barn (east side) on the patio by the fire pit. No smoking allowed under the porch or next to the barn. We have several receptacles for the placement of cigarette/cigar butts so this should not be an issue.

Children: The farm is a wonderful place for kids to enjoy the day. Children must be attended to at all times by an adult. The staff is not responsible for watching the children.

The Loft: Guests are certainly welcome to enjoy the view from the loft. Children are also welcome in the loft but must be accompanied by an adult at all times.

Groom's Room: The grooms room is for the groom and his men. It is not for the children. The room must be cleaned up and everything out and in your vehicles or the closet downstairs by ceremony time. It will remain locked for the reception. We hope you love our barn as much as we do and would love it if you please refrain from smoking cigarettes/cigars or anything else on the balcony as it and the entire barn is made of wood. I know no one thinks they are going to start a fire, but accidents happen.

Bride's Room: The bride's room is for the bride and her ladies. There are "Glam Co" lights to use, light up mirrors in the closet and the Bose Sound Link on the vanity. Curling irons must be on a silicone or rubber mat to protect the wood vanity. The bride's room will need to be cleaned up and everything out before the ceremony. This will remain locked during the reception. You can leave items in the closet adjacent to the brides room. If you would like something specific locked up all you have to do is ask us.

THE RULES FOR THE WEDDING DAY

Candles: There is no open flame of any kind allowed in the barn. LED candles are a wonderful replacement for the open flame.

Decorating: Go for it! Do as much or as little as you'd like. No pounding nails and using thumb tacks. You may hang decor in the trees but make sure to take it down. If you use flower pedals you must pick them up after the ceremony.

Tables & Chairs: You are responsible for setting up the tables and chairs how you'd like them. Our staff will take out some tables and chairs if needed for you to create a dance floor. Let us know how many tables and chairs to be removed and where you would like the dance floor. You need to assign someone to take the decor from the tables prior to removing them.

Dance Floor: We understand people get caught up in the fun and just take their drink with them to the dance floor, we ask that you please refrain from this and on your way to bust a move just set your drink on a nearby table and dance like no-one is watching.

Clean up: At the end of the night (after an incredibly amazing day), it will be clean up time. You will be responsible for taking all of your decorations down and cleaning up all the stuff that was brought in. Please assign people to help with this. Please check closets, cabinets etc. before leaving. The Creekside Farm staff will wipe tables, put up chairs and clean the floors.
