The estimator came to our house and listened to what we wanted done and made a few suggestions of his own, Then he went through and carefully measured everything. Two days later he emailed us his estimate. He also mailed us a paper copy of the bid.

We had 4 companies come in to give us a quote and Crest came in the lowest. We have had Crest do other remodeling for us so we knew that they would do quality work for a reasonable cost. They let us know when they would start. They were there everyday Monday thru Friday. They were very friendly and helpful. They gave us suggestions on where to go to get reasonably priced tile for the bathroom and brought us carpet swatches for the colors we were looking for in the bedroom. There were a couple of days when they had to let areas dry before they could continue. They always let us know if they were not going to be working. Generally they would try to schedule to if one room had to dry for a day they would switch to working on the other room. They always cleaned up and when they were finished we didn't find even so much as 1 nail left behind. If we do any more work on our house, we will use Crest Exteriors. They have always given us quality workmanship for a reasonable cost.
