I want to thank you and Crest Exteriors for the very great job that was done on my house ~ it looks very good and I am pleased with the finished product. I wish I could remember the names of everyone that worked on the house because each and everyone did a super job and they were all very polite ~ nice people to work with and thank them for me.

Thank you JJ for listening and taking care of all my wishes and there were many but you "hung" in there and did a great job. I shall always remember your kindness.

Sincerely,
Dorothy Reschke
