*A Message From Our
President*

National Small Business week is from April 30 to May 6, 2017. Thank you to all our small businesses; you are the backbone of our local economy and we appreciate all you do to drive local business. I encourage you to check out the SBA website which is www.sba.gov. The Small Business Administration will be having various activities throughout the week to honor the small business community. Also, join the conversation on Twitter using the hashtag #SmallBusinessWeek.

Now, I have a question for you. Do you think it would be more likely that your potential customers would patronize your business if they had the chance to see inside and get a better feel for how great your businesses is before they visit in person? Now they can! Google Street View Indoors allows the world to see right inside your business, which will allow you to reach more customers. The Coral Springs Regional Chamber has partnered with a national program through the Association of Chamber of Commerce Executives to secure special pricing and an outstanding opportunity for our members. A Google Street View Photographer will be coming to our area on May 22nd. If you are interested in getting your business on the map please reach out to the Chamber at 954-752-4242 or visit our co-branded site to request information and get started [here](#).

The Chamber is invested in providing opportunities for our business members to advertise and grow their business. For the next few months I will be reviewing a specific program in my article. Also, we have added a new section to our e-newsletter to recognize members that have renewed, as well as important anniversaries. Your belief in our

organization is extremely important to us and we want to publicly thank you.

Finally, just an update regarding Florida's legislative session which is scheduled to end this week. The question is will there be a special session? I will keep you updated.

Wishing you much success in 2017!

Cindy

AMTRUST BANK[®]

A Division of New York Community Bank, Member FDIC

New York Community Bank is the largest thrift in the nation and one of the leading thrift depositories in most of the markets we serve. Our roots go back to 1859, when we were chartered by the State of New York in Queens, a borough of New York City. Since then, we have grown from a single branch in Flushing to 225 branch offices in five states!

With the acquisition of the deposits and certain assets of AmTrust Bank in December 2009, New York Community Bank added two new divisions to our banking family: AmTrust Bank, which serves our customers in Florida and Arizona, and Ohio Savings Bank, which serves our customers through 28 branches in the Buckeye State. Our 27 branches in Florida are largely located in the state's southern and coastal counties, while our 14 branches in Arizona are primarily located in the central part of the state. Included in that network are three branches that were acquired in connection with our Desert Hills Bank transaction in
