

Energy Services Federal Credit Union is Excited to Announce CardValet!

A Mobile Application for your Debit Card!

CardValet is ideal for members who want to manage their debit cards through their mobile devices. This application allows for you to manage risk by allowing you to define when, where, and how your card can be used!

Fraud Protection:

- When your card is “off,” no withdrawals or purchases will be approved.
- Alerts keep you informed on when your card is being used.
- Transaction controls allow your card to work only in specific locations or geographic areas.

Control Spending:

- Set spending limits for general use or specify thresholds by merchant types, such as gas, groceries, or retail stores.
- Establish controls by location and change parameters via your mobile device.

Parental Controls:

- Enter spending threshold limits, merchant categories and location on/off controls, you decide where, when, and how your children use their debit card.

Review Balances and Transactions:

- Monitor your finances anytime, anywhere by using the CardValet app to check your account balance or review your debit card transactions.
