Community Updates & A Community Party!

One of the best jobs the Evergreen Chamber has is to keep the community informed about what's happening in town. Everything from local updates to fun summer event details, the Chamber is your central point of information for all things Evergreen. Here is the latest:

The Evergreen Local Improvement District: There have been many meetings and articles lately talking about a local improvement district or LID. A Local Improvement District (LID) would provide some of the amenities of being incorporated without the cost of creating a city government and no additional property tax. Examples of what becoming a LID would do are to move Evergreen in the eyes of CDOT from "rural" status like towns south of Fairplay to urban status thereby improving upkeep of roadways, curbs, gutters, and crosswalks. Trail connectivity can be completed between activity centers such as the access from the Bergen Park shopping areas all the way to downtown. It is important to know what the LID is all about, please stay informed. You can find more information at downtownevergreen.wordpress.com.

The Evergreen High School Stadium Project: EHS is moving forward on a stadium project to improve lighting, seating and the spectator experience for our local sports teams. Currently EHS cannot host night time games and we are in jeopardy of losing the chance to host home playoff games for our state level teams. An improved stadium at EHS benefits our kids, our community and our businesses. Find out the details and how you can help at ehsstadium.com.

Evergreen Fire Rescue New Volunteer Organization: Evergreen Fire Rescue is forming an auxiliary volunteer support group of interested community members to provide assistance with special events for prevention and education; and to provide assistance to emergency responders prior, during, and after emergency calls. Find out what you need to know and sign up at evergreenfirerescue.com/efr-turnouts-auxiliary.

Slash Collection: Once again Jefferson County has set up a number of slash collection days to help with fire mitigation. Slash is debris, from nature, such as tree limbs, prunings and pine needles. If not removed, slash can add to potential fire hazards on your property. The full summer schedule can be found at jeffco.us/slash.

Time to celebrate! The Evergreen Chamber and the Evergreen Park and Recreation District have once again partnered to thank our members and the community for their support. Join us at our annual Summer Soiree-free food, drinks and fun for the whole family! Music by DJ Sound Mountain Entertainment is sponsored by the Canyon Courier. Last year we had over 300 people stop by Buchanan Rec Center to join the fun. We thank you Evergreen for your business on Thursday July 13, 5-7:30 pm, join us!

Colorado Center for Neurofeedback and Peak Performance

In 2011, Nurse Practitioner Mary Page Smith, was searching for a way to help her children and found traditional methods were falling short, so when she learned about neurofeedback, she decided to give it a try. With her medical license, Mary Page was able to purchase the neurofeedback equipment, train to become a Board Certified Neurotherapist, and perform neurofeedback sessions. Upon seeing the dramatic changes neurofeedback had on Mary Page's children, family and friends began requesting neurofeedback for themselves and/or their children. Eventually, Mary Page was able to leave her nursing job to start the Colorado Center for Neurofeedback (then named Evergreen Neurotherapy). Since that time, the business has helped so many individuals that Mary Page opened a second office in Denver West and has expanded the business with the addition of TRAZER, a state of the art technology for baseline concussion and return-to-play assessments for athletes.

What is Neurofeedback?

- Neurofeedback is a non-invasive, medication-free therapy for individuals of all ages that creates long-lasting positive change for a wide range of neurological, emotional, and behavioral conditions.
- Neurofeedback works for: ADHD, learning disabilities, autism spectrum disorders, trauma, anxiety, depression, traumatic brain injury, epilepsy, sleep disturbances, and more. A Quantitative Electroencephalogram (QEEG, or brain map) is performed to identify areas of the brain that are overactive/ underactive or that are not properly communicating with one another.
- An individual protocol is developed to address each client's specific issues. During therapy sessions, clients train their brain toward more optimal performance. As sessions progress, the brain develops 'muscles' in the form of new neuronal connections and optimal brainwave patterns. The best news... once those neuronal connections have been created, they last!

Recommended by:

American Academy of Pediatrics

DEDICATED TO THE HEALTH OF ALL CHILDREN™

"The American Academy of Pediatrics recognizes neurofeedback as a Level 1 "Best Support" Intervention for ADHD."

To find out more information visit their website. Thank you to the team at Colorado Center for Neurofeedback and Peak Performance for making this ground breaking service available in our community.

Pandora and John Erlandson of PandoraJohn Properties Win Evergreen Rotary Club's 2017 'Ethics in Business Award'

In 2009 the Rotary Club of Evergreen awarded its first annual 'Ethics in Business Award'. Each year since, Rotary Club members have nominated businesses and business professionals for the award that they believe comply with Rotary International's Four-way Test, as follows:

Of the things we think, say or do:

1. Is it the truth?
2. Is it fair to all concerned?
3. Will it build goodwill and better friendships?
4. Will it be beneficial to all concerned?

John and Pandora are engaged, energetic and passionate about their business, their community and their lives. Together they have put their talents and philanthropic hearts together as part of PandoraJohn Properties, sponsoring a variety of charitable events, making donations to local charities with each closing, in addition to producing benefit events in partnership with friends, volunteers and local businesses. There is nothing more rewarding to them than creating an opportunity to bring people together to build community and to help those who need it most.

In their business and their lives, collaboration and community has been a cornerstone, while holding fast to what the Rotary stands for – truth, fairness and goodwill. "This award is such an honor, and far more meaningful than any business award for production or sales volume. Pandora and I are extremely grateful," says John.

It is our pleasure to recognize all of the nominees who are also all Evergreen Chamber members. We are so proud of all that they do for our community.

This year's nominees for the Ethics in Business Award were:

- Pandora and John Erlandson of PandoraJohn Properties
- Susan Hammond, Endless Travel
- Dr. Marsha Manning
- Dustin and Ariane Speck, of Da Kind Soups
- Greg Thomas of Evergreen Discount Liquors
- Bart Corfee of Corfee & Associates
- Jeff and Bev Sprout, of the Evergreen Dental Group

Red Rocks Community College Opens a New Recreation Center

To meet increasing student demand for campus recreation options, Red Rocks Community College approved the construction of the Student Recreation Center. The college recognized the importance of extracurricular activities to meet the needs of the student population, who took it upon themselves to petition RRCC to move forward with the program plan. Using a variety of student engagement activities including town hall meetings, games, visual preference surveys, and social media, the design team generated a program based on student feedback for a new 38,000 square foot student recreation center that includes social lounge space, drop-in cardio and weight fitness space, two group exercise rooms, a two-court gymnasium, climbing and bouldering wall, flexible meeting rooms, renovations to an existing outdoor field, and locker rooms and support space. The program plan received approval from the Colorado Commission on Higher Education in Summer 2014. In early 2015, Red Rocks Community College again selected Davis Partnership Architects to complete the design of the new student recreation center. Construction began February 4, 2016. Red Rocks Community College is planning to open this summer!

The Evergreen Elks Lodge Celebrates 50 years with an Inaugural Ball and a Club Room Grand Opening

The Evergreen Elks Lodge # 4363 had a wonderful 50th Anniversary Inaugural Ball and Club Room Grand Opening. La Cuisine Evergreen catered the VIP lounge, it was tasty! Past Exalted Ruler Bob Horne was presented with the "Officer of the Year" award. We are excited to announce that our own Valli Crockett, Membership Coordinator for the Evergreen Chamber, received the "Elk of the Year" award!

The Elks owe a special thanks to Peggy Nikander and Jim Mitchell for spearheading the bar remodel.

The Evergreen Elks Lodge application fee has been reduced to \$25, and annual dues are less than \$100/yr. They are currently looking for charitably minded individuals to join their great organization.

Call (303) 674-5591 or visit their website: evergreenelkslodge.com.

MALT Celebrates 25 Years of Saving the Land and Leaving a Legacy for all of us!

Mountain Area Land Trust (MALT) first made a name for itself in 1992 when the organization rallied the Evergreen community to save the iconic Noble Meadow, adjacent to Elk Meadow along Highway 74. Now 25 years later, MALT is celebrating a quarter century of land and water conservation successes. The organization has protected tens of thousands of acres of open space through local public projects including Blair Ranch, Beaver Brook Watershed, Bergen Nature Trail, and Floyd Hill Open Space, as well as private voluntary conservation agreements and MALT's own property in Park County on the Pennsylvania Mountain Natural Area.

Don't miss MALT's annual event, "A Night in the Park" will be Saturday, July 15th at Alderfer Three Sisters Open Space Park. Tickets for the event are \$85 -- enjoy music, cocktails and appetizers followed by dinner from Fresh Tracks Foods & Catering, live auction fun with former Bronco Reggie Rivers and music from Dakota Blonde. Call for tickets (303) 679-0950 or buy online, <http://www.savetheland.org/2017-a-night-in-the-park>
