# Green Fair Folk Festival Blessing

Source of all life, all creation is charged with your divine energy.  
Ignite your spark within us,  
that we may know ourselves as truly human and holy,  
irrevocably part of the Web of Life.

All creation . . . explodes with the revelation of you  
Sacred Mystery . . .

May we always walk gently upon this earth, in right relationship,

- Nurtured by Love,
- Taking only what we need,
- Giving back to the Earth in gratitude,
- Sharing what we have,
- Honoring all with reverence,
- Reconciling and healing,
- Mindful of those who will come after.

Grant us strength and courage.

— *Adapted from A Prayer of Global Restoration*

## Canticle of the Sun

Praise be to Thee my Lord, especially for our worshipful  
Brother Sun.

Praise be to Thee my good Lord for our Sister Moon and  
the stars.

Praise be to Thee my Lord for Brother Wind, for cloudy  
and clear skies.

Praise be to Thee my Lord for Sister Water who is humble,  
precious, chaste.

Praise to Thee my Lord for Brother Fire; he is beautiful,  
jocund and strong.

Praise my Lord for our Mother the Earth which sustaineth  
and governeth us.

And bringeth forth leaves and flowers of many colors and  
various fruits.

—Saint Francis of Assisi

# GFFF History

Care of creation is important to the Franciscan Sisters, therefore, in 2007 a Campus Green Committee was formed with a mission to educate on environmental issues and to “green” the campus in every way possible. The passion of our Green Committee members, combined with the love of music from St. Francis Music Center, blended into this unique community festival, now in its eighth year.

If you have any interest in the Green Committee or would like more information, please contact Jeff Odendahl - Justice, Peace and Integrity of Creation coordinator at 632-2981. Thank you for being here!

## The Peace Kite

In 2009 the world lost a wonderful person, Mary Krantz. Mary was an associate of the Franciscan Sisters and a friend to many in the Little Falls community. She was a great supporter of the Green Fair Folk Festival and to remember her and honor her spirit, the peace kite was created by Lost Lake Design in 2010.

Mary liked kites. She felt they were a lot like people. Kites come in many different sizes, shapes and colors. Like people they can bring us much joy, but they are also easily hurt, especially when they’re brought down to earth. To achieve their potential, kites must leave the safety of Mother Earth and reach for the heavens. There they are free to dazzle and delight us. We humans must leave the safety of our comfort zones to realize our full potential. Kites amaze and thrill us — just like those we love.

Mary believed deeply in spreading the message of peace and taking care of our planet. We are blessed to know she is watching over us and our time together here tonight.

# What is URock?

URock is a program of St. Francis Music Center for young musicians who have always dreamed of playing in a band. The musicians come together on a Friday night at 5 p.m. and by 8 p.m. they are each in a new band and already working on

the name of the band and a set list. For the next two weekends they rehearse together, attend classes on musicianship, technical skills, and all that is needed to make a band successful. They have band pictures taken and posters are designed. They learn a lot about music and about the basic skills of working together, listening to each other, adapting, communication and so much more.

So what you see here tonight on stage are dedicated musicians pushing themselves to reach that next level of their craft, and most of all, musicians pursuing their dream! Enjoy!!

Funded by Five Wings Arts Council, Mille Lacs Band of Ojibwe, Catholic Health Initiatives, and Franciscan Sisters of Little Falls.
