

Co-op Coins

Our Co-op Coins program at The Good Earth Food Co-op gives our customers and member-owners the opportunity to donate their \$0.05 bag credit to a local charity or organization. Each collection cycle consist of two organizations and will run for three months.

We ask that the organizations we donate to be local or regional non-profits, so that the funds raised directly benefit our community. We give preference to organizations that promote holistic health, environmental responsibility, focus on sustainable food & living, or address community social concerns. Our donation program does not support partisan or religious organizations.

To be considered for the Co-op Coins Program please fill out the request form below or complete it online at: www.goodearthfoodcoop.coop

Organization Name: _____

Address: _____
