

**Help us strengthen your Co-op.  
You can invest in the Good Earth  
through D-Shares or Member  
Loans!**

**D-Shares are a non-voting,  
preferred stock offering a  
potential 4% dividend in future  
years.**

**Minimum D-Share investment is  
\$100.**

**Member Loans are made by  
Member-Owners for a term and  
interest rate based on the loan  
amount.**

**Minimum loan amount is \$500.**

**With your investment we hope to make  
some of the following improvements to the  
Good Earth:**

- Point of Sale (POS) System**
- Security System Cameras &  
Management**
- Live Inventory System**
- Online Ordering Capabilities/Auto  
Ordering**
- Loyalty Program**
- Rebuild Cash Reserves.**
- New Dairy Cases**
- New Store Layout Plan**

**Phase I remodel**

- Reconfigure front by moving  
registers & produce**
- Remodel Dairy Area**

**Key information  
about  
Member-Owner  
Investment:**

**•All investors should read The  
Good Earth's Disclosure  
Statement for a complete  
description of the program,  
our goals, and the risks in  
making an investment.**

**•Loans made to the Good  
Earth are unsecured and  
subordinate to all other  
financing.**

**•Dividends cannot be paid on  
D-Shares until the Good Earth  
has achieved sufficient  
profitability and reached its  
intended goal.**

Good Earth  
Food Co-op

Let's make the Good Earth stronger together!

Keep your  
dollars local  
through this  
important  
community  
resource!

~ "I've lived in St. Cloud since 1983 and have been a member most of that time. I feel the Co-op is valuable to the community in many ways; access to wholesome foods, education, sustainable gardening, and buying local. I wanted to support the Good Earth." - Deb McCarl, Retired Physician

~ "It's because of Good Earth that local farmers, bakers, juicers, and more can easily connect with grocery shoppers. We hope the Good Earth will be around for a long time, so we're putting our money where our mouth is! We appreciate that the Co-op is choosing its investments wisely, to ensure a bright future. We are happy to support this important community resource." - Nate and Elissa Stewart

~ "My husband and I have chosen to invest in the Co-op with a capital loan for many reasons. The Co-op supports local farmers and entrepreneurs and brings sustainable, high quality food, personal care products, and other lifestyle products to our community." - Jen and Jason Bernick

~ "We support the Good Earth Food Co-op for many reasons. Mostly, the friendly staff and their willingness to help customers not only find items, but to know the product and help the customer make good choices." - Ann & Ray Maresh
