Local Apples!
-Dawn (Produce
Manager)

Fall is my favorite time of year!

The weather is getting cooler so we can have bonfires, the trees are changing color and the local apples will be arriving at the Good Earth Food Coop. Every year, we carry many varieties of local organically grown apples. The most popular variety is always the Honeycrisp. This apple was first bred right here in Minnesota!

There is no better time to enjoy your favorite apple recipes. Whether it's making apple crisp, pie, spiced cider, or just eating them raw- local apples are the most delicious. So please support your local farmers and pick some up today.

*We love our Co-op, what we stand
for and all of our amazing patrons!*

Thank you for your continued support!
