The Power of Integration

A new billing interface enhances McKesson Practice Choice™ electronic health record (EHR) for Medisoft® practice management (PM)

The integration of the McKesson Practice Choice web-based electronic health record (EHR) and the Medisoft practice management (PM) system continues to get stronger. The upcoming addition of a fully-optimized billing interface means that McKesson Practice Choice for Medisoft will soon deliver a more streamlined practice workflow for easier financial and clinical data management.

McKesson Practice Choice for Medisoft

Reduce manual workflow

With this new billing interface, charges entered into the McKesson Practice Choice clinical note will automatically be sent to the Medisoft PM system, helping to reduce manual workflow for your front office staff. This complements many of the existing features, which are also designed to help your practice run more efficiently, including:

- Patients registered and scheduled in Medisoft
- Demographic data automatically sent from the Medisoft PM to the McKesson Practice Choice EHR
- The automatic push and pull of data from one area of the chart to all other relevant areas

Easy, low-cost start-up

McKesson Practice Choice for Medisoft's subscription pricing allows you to allocate the costs, helping keep cash flow in check. As part of this pricing, you receive—at no additional cost—software upgrades to your Medisoft PM solution, including ICD-10 readiness, when it's available.¹

It's time to bring a new level of effectiveness to your practice's billing operation with McKesson Practice Choice for Medisoft. For more information, contact:
