Hillsborough Board of Commissioners
Town Of Hillsborough
PO Box 429
Hillsborough , NC 27278

Greetings:

The Hillsborough/Orange County Chamber of Commerce is quickly becoming the voice of economic and development growth in Hillsborough and Orange County. Our responsibility is to further our mission and support our members to affect positive prosperity and sustainable business opportunities.

Our Chamber, as a whole, supports the Collins Ridge Project as presented. Our support is conditioned only by the requirement that the proposal plan conforms to the Town's current parameters for development, is consistent with the Town's comprehensive plan, and improves offsite infrastructure to support the projected build out. The economic growth of this project must not supersede nor interfere with the current factors that have brought and kept people as residents, to our area. As written, and with the supported facts in regards to our infrastructures ability to handle and flourish with sustained growth in this manner, we, as a collective voting board, support this project.

Respectfully-

The Hillsborough/Orange County Chamber of Commerce
