Industrial and Environmental Concepts, Inc. (IEC) Wins 2017 International Achievement Award

(New Orleans, LA – Sept. 28, 2017) – IEC, Lakeville, Minnesota was recognized with the 2017 International Achievement Award (IAA) for design excellence in specialty fabrics applications.

IEC received an ***Outstanding Achievement Award*** for its 12-acre sludge cap project. The project was recognized in the competition's ***Mines, Landfills and Wastewater category***.

For seven decades, IAA has recognized excellence in design and innovation, highlighting truly spectacular work in the specialty fabrics and technical textiles industry. The International Achievement Awards competition is sponsored by IFAI, a not-for-profit trade association who's over 1,600 member companies represent the growing international specialty fabrics and technical textiles marketplace.

IFAI received a total of 235 entries from 11 countries that were submitted for 42 categories in this year's competition. Winners were selected based on complexity, design, workmanship, uniqueness and function. Judges included industry experts, editors, architects, educators and design professionals who were chosen for their knowledge in a particular field of study or product area.
