

Press release

The R² Grain and Livestock Cover

Introducing the NEW R² Agricultural Cover by Industrial & Environmental Concepts (IEC). The removeable cover can be installed on all concrete & metal tanks. The cover protects grain & livestock from sun, rain and snow. The removable cover gives farmers easy access and the option for windows, pipes and venting. Each cover is custom designed for local snow loads, rain and wind. The tensioning is accomplished with a stainless steel ratchet attachment that is simple, fast and efficient. The membrane cover has a projected 15+ year service life with virtually minimal to no mainenance. It is great cover for limited budgets. Call 952-829-0731 www.ieccovers.com
