Overview of Access Consciousness

The New Healing Technology at Illuminations, that's Raising the Bar!

What is Access Consciousness?

Access Consciousness is a set of tools that allow you to have more consciousness in your life. Consciousness is where you are aware of everything and knowing that you can choose differently to create change in your life.

What is Access Bars?

Access bars, is a set of 32 points on the head. Each bar represents one area of life.

Where do you store issues with Money? The MONEY Bar! Where do you store judgments on your body? The BODY Bar! What about the fixed points of view about how creative or uncreative you are?

Obviously in the CREATIVITY Bar! Some of the other Bars where stuff is stored is Control, Sexuality, Time, Space, Peace, Calm, Sadness, Joy, Communication and many more!

Each of these 32 points or "Bars" stores these in the form of energy. When we gently touch these points, these Bars start up like the engine of a car, and begin churning out and releasing this pent up energy resulting in more space being created within you! More space means also more consciousness and more awareness!

Patriccia Ballan

In Dubai since 1994 and I come from the Corporate Advertising background. Having worked in several multinational Advertising Agencies for about 18 years, I took the plunge to quit the corporate world and start my own Production house... Until my journey took another turn with a personal event. That brought me to a point to stop and pay attention to what I always had a strong sense of. There has to be more to life. My journey in healing world started around 2 years ago. Having done several modalities, I came to find Access Consciousness and I simply love it, as I feel truly empowered.

The Access Bars, the clearing statements and being in the question has changed my reality. I enjoy what I do so much and having seen how it is working for me and for others around me, am eager to be the invitation and contribution to others. Question, Choice, Possibility.... Is how I look at each Beautiful day. To truly trust and know that the Universe has my back and all I have to do ASK THE QUESTION, to have the awareness and to make choices based on that awareness and what is true for me. This to me is true freedom and true choice with everything I choose.
