ThetaHealing® is a technique that teaches how to put to use our natural intuition, relying upon unconditional love of Creator Of All That Is to do the actual “work”. We believe by changing your brain wave cycle to include the “Theta” state, you can actually watch the Creator Of All That Is create instantaneous physical and emotional healing.

Upon learning the technique of **ThetaHealing®**, you will see that everyone has intuitive abilities that can be used to bring about spontaneous physical and emotional healing. Using this personal process, you will help yourself, as well as your friends and family.

Overview of Theta Healing

“If there is only one energy-technique that you learn, let it be this one. ThetaHealing® will change your life forever. The technique is so simple it is perfect. It does not demand anything from you, or that you give up any other teachings. ThetaHealing® transcends dogma and goes beyond all religions yet is accepting of them all.

ThetaHealing® is designed by Vianna Stibal, as a **therapeutic self-help guide** to develop the ability to change on all levels: physically, mentally, emotionally and spiritually using the Creator of all That Is.

ThetaHealing® is best known for the **Belief and Feeling Work** on all four levels; Core, Gene, History, and Soul. With growing scientific evidence that toxic emotion can contribute to disease and the awareness that **emotions, feelings and the power of thought** have a direct bearing upon our physical health, there is increasing interest in changing how the mind influences the body to create optimum health. Belief and Feeling Work empower people with the ability to remove and replace negative emotions, feelings and thoughts with positive, beneficial ones.

ThetaHealing® is also best known for **the 7 Planes of Existence**; a concept to connect to the Highest Level of Love and Energy of All That Is. Using this concept, the practitioner can achieve the highest clarity and wisdom love.

If you are lonely, tired, sick or feel a need to help others,

If you have a desire to improve our planet or a desire for answers

If connecting to the divine spirit that intertwines and binds everything in existence appeals to you,

If you'd like realization and results, perhaps:

ThetaHealing® is for you!

ThetaHealing® is **NOT** a religion; it is a technique to change your beliefs according to the dictates of your own conscience.

About the Founder of Theta Healing: Vianna Stibal

After being taught how to connect with the Creator to co-create and facilitate this unique process called ThetaHealing®, Vianna knew that she must share this gift with as many people as she could.
