

All New – Made In Chicago!

Still the standard of the industry.

Air Chicago Elite small piece towel, gown, pad folder.

- Streamlined CHI.
- Touch PC-based full color touch screen control system for operation, custom product programming, management, and graphical diagnostics.
- Convenient USB for saving programs for extra security.
- Primary folding may be bypassed for direct crossfolding of items such as bath mats or surgical pants – up to 12” (300mm) wide.
- Newly designed pneumatically-controlled ski width adjustment provides fast and accurate positioning with fewer moving parts.
- Stain/tear reject button discharges rejected items separately.
- Crossfolds items once or twice into halves, thirds, or quarters. Inverter-controlled second crossfold reversing conveyor for crisper, more accurate folds.
- Retractable discharge system maintains stack integrity throughout transition to the delivery conveyor.

CHICAGO®

CHICAGO DRYER COMPANY

Chicago Flipper

FLIPPER is a simple high speed labor saving half-folder/stacker for the automatic counting and stacking of flat or half folded small articles such as face cloths, wiper cloths, shop towels and bar wipes. This space saving linen folder is designed to automate the folding and stacking process to assure accurate counts, consistent quality and high production. Best used in large healthcare, dust control or hospitality plants with a central stacked goods conveyor.
