Grand View Lodge Nisswa, MN

The historic Grand View Lodge on Gull Lake has been providing guests with memorable vacations since 1916. Their proud mission is to continue the legacy of a high standard of service, a dedicated staff and a unique and relaxing atmosphere. Guests can choose from many lodging options while taking advantage of the two championship golf courses, the Glacial Waters Spa, delicious dining options and all the outdoor activities that Gull Lake has to offer. Grand View also provides a full complement of facilities for special events and business meetings.

In order to provide exceptional room and table linens, Grand View recently installed the very latest finishing and folding equipment from Chicago Dryer and Minnesota Chemical.

The newly installed equipment includes a Chicago Tri Star ironer/folder paired with a Chicago Ultra Compact spreader/feeder and an Air Chicago small piece folder. This new equipment efficiently produces beautifully ironed and folded linens and perfectly folded and stacked towels. Director of Housekeeping, Amanda Okersan says that when they have a capacity crowd of 1000 guests, the new Chicago finishing and folding equipment operates with speed and efficiency allowing them to get their work done on time.

Amanda Okersan, Director of Housekeeping and Paul Richards, Linen Delivery

New Decade, New Look

DLI Marks 110 Years of Drycleaning Advocacy with Refreshed Identity

DLI's Drycleaning Foundation is now 110 years old. To commemorate this milestone, the Institute decided to create a new logo. The logo shows what DLI does. Along with this rebranding effort, members will receive new window cling membership decals.

The purpose of the redesign is to exemplify what DLI does at a glance. The four boxes represent the work of the industry and DLI's global nature.

Coin Ops

The Best Of Both Worlds

The FasCard™ system works with existing coin laundry machines and allows you to accept credit/debit/loyalty cards in addition to coins at your washers and dryers. Perfect for large machines where coin boxes fill quickly, or use it to attract more customers and build loyalty!

Multiple Mounting Options Available

-  Accept credit/debit/loyalty cards & coins
-  Freedom to choose your own processor
-  Time of day pricing for card & coin
-  Loyalty programs for coin & card customers
-  Start machines from any smart phone

every ink stain is an
PPORTUNITY

Since stain removal matters to your customers, each stain is an opportunity to impress them.

InkGo is the effective and safe way to remove ink stains from all types of fabric, including acetates. Use it to remove adhesives, too.

It's eco-friendly... California compliant, chlorinated-solvent and NPE free, biodegradable and non-combustible. And since InkGo is user-friendly and odor-free, it's pleasant to work with.

Use InkGo to deliver stain-free cleaning. You'll build your reputation for quality – and keep customers coming back.

2017 Service Seminars for Washer-Extractors

Seminar #1 April 4 - 7, 2017 (Washer-Extractors)

These seminars are condensed into four days, with courses covering a broad range of Milnor washer-extractors. The courses are designed to train personnel in the rapid and accurate diagnosis and repair of field problems. Also, the attendees will gain an overall understanding of how the equipment operates.

These seminars address Milnor washer-extractors ranging in capacity from 20 pounds to 700 pounds, including divided-cylinders and open-pocket designs with microprocessor controls.

Who Should Attend?

Any field service, maintenance, plant engineer, operations or management personnel who deal with maintaining, repairing, and operating Milnor washer-extractors in the course of their daily functions, and want to improve their understanding of the equipment.

The course devotes a great deal of time to troubleshooting of electrical controls. Mechanical, pneumatic and hydraulic systems are covered as well.

April 4-7, 2017

Crowne Plaza New Orleans Airport
New Orleans, Louisiana

**Washer-Extractors from
20-700 lb. capacity**

Rigid-mount, Suspended, Large
Open-Pocket, Divided Cylinder

Sankosha USA recently hosted local dealers, including MCC, at its redesigned US headquarters in Elk Grove Village, IL. Along with updated offices, the facility boasts a “LIVE” on-site showroom with steam and fully array of functioning pressing equipment. Interested customers can come with dealers to the showroom to test run their equipment of choice. Sankosha USA President Keisuke (Ken) Uchikoshi told those gathered that the company is celebrating its 40th year of overall operation and 24 years of US operation. Minnesota Chemical was the first US dealer to take on the Sankosha line.

Jon Karll and Dan Baker of MCC, Mike Tungsveick, Sankosha and Mike Maker, MCC

Sankosha stocks equipment in Elk Grove Viullage allowing for prompt delivery to customer’s plants.

Sankosha will have an enhanced presence at CLEAN 2017 in Las Vegas. Their exhibit space will feature a customer service area as well as a sales area. If you are interested in viewing and discussing Sankosha equipment while at CLEAN, let your MCC salesman know in advance and we will set up an appointment.

Odor Control

N-Ta-Germ

Remove Strong and Smelly Odors from your DC System

- N-Ta-Germ is the only additive that destroys and eliminates all organic odors.
- N-Ta-Germ is manufactured for use in Perc and Hydrocarbon solvent.
- Offensive organic odors can develop in any type of cleaning system. Adding N-Ta-Germ regularly will eliminate foul odors in your system before they can contaminate your customer’s clothes.
- N-Ta-Germ can be used as a charge system additive or as a batch additive.

\$57.00
per gallon.
