Turitto Cleaners Bismarck, ND

Turitto Cleaners purchased a new Fulton 20FBF high-efficiency high-

pressure Fulton steam boiler to replace their 30 year old Fulton – which still worked. James Turitto is second generation owner of Turitto Cleaners, a busy, spacious, productive, full service dry cleaner and shirt laundry serving the Bismarck-Mandan market. James has a background in music and lived in Minneapolis during and after college before returning to Bismarck to raise a family.

Something New

On May 5th the new MCC elevator was put into service! Since the demise of the “old” elevator in September 2016, our warehouse staff has been working extra hard to manually transport inventory from upper floors to fill customer orders. The process of removing the old elevator and replacing it

with a new model was expertly done by the crew from All City Elevator and Ultimate Construction. We celebrated with desserts including two pies... one for “Up” and one for “Down”.

Duane Fox, MCC; Dusty Taff and Matt Carey, All City Elevator, Bruce Edwards, MCC

MCC People

We recently said thank you and farewell to Anita M. who filled in at the MCC front desk position for six weeks while Anita Skinner recuperated from surgery. Anita M. did a fine job of answering phones, handling paperwork and assisting all others in the office. In appreciation, we had a pizza party and presented her with some beautiful MCC parting gifts! Thanks again Anita M. for your fine service to MCC and its customers.

MPCA Small Business Environmental Loan Program

Looking to purchase new equipment that is better for the environment? Get an MPCA (Minnesota Pollution Control Agency) small business environmental loan for equipment that meets or reduces environmental regulatory obligations.

Many small businesses can benefit from using the loan to change or upgrade equipment. Promoted business sectors include dry cleaners. Projects that go beyond compliance or focus on water use reduction (laundries) are also highly encouraged. For other companies, loan dollars can help with investigation or cleaning up contaminated sites.

To qualify a borrower must:

- Be an existing small business corporation, sole proprietorship, partnership or association
- Have less than 50 full-time employees
- Have an after tax profit of less than \$500,000 and a net worth of less than \$1,000,000
- Demonstrated ability to repay the loan

The general terms:

- Loan amount not less than \$1000 or more than \$50,000
- An interest rate of 4% or one half the prime rate whichever is greater at the time
- A repayment term of up to seven years
- Flexible collateral options
- Applications accepted throughout the year

For more information, or to request an application go to www.pca.state.mn.us

Aquanomic Low-Temp Laundry Program

Clean and white. Soft and fresh. You want the clean, white, soft and fresh results guests expect - the first time linens are laundered. The Aquanomic Low-Temp Laundry Program offers consistently superior results that delivers significant energy and water savings over traditional laundry programs, improving your bottom line. Whatever your laundry needs and challenges, Ecolab can offer a complete laundry solution that helps reduce rewash while extending the life of your linens.

Hardware and Tools

Make your life simpler by ordering hardware and tools from the Minnesota Chemical website. Click on "Order Supplies" on our home page and then on "Office and Facilities Supplies". This web portal allows you to shop thousands of items that are fully described and competitively priced. Orders placed through this portal will be fulfilled by the MCC order desk and billed either to your MCC account or, if you prefer, to your credit card.

Go to www.minnesotachemical.com and click on the "Order Supplies" tab and check it out!
