

Our Customers

St. Paul, MN

The Episcopal Homes' campus in the heart of the Midway district of St. Paul, MN recently completed a major expansion. This collection of properties serves some 480 seniors in a full range of settings from independent living, assisted living, affordable apartments, catered living units and skilled nursing care. Residents have available to them an amazing array of services and amenities including a pub, movie theatre, convenience store and fitness center featuring a warm water therapy pool and Minnesota's first Motion Wellness System.

Founded by Sister Anette Relf in 1894, to serve the areas aged and infirmed, Episcopal Homes today continues the mission of enhancing the quality of life for seniors by providing homes and services that support each individual's physical, social and spiritual needs.

Laundry services for all of the residents are provided in several methods and locations throughout the campus. Minnesota Chemical has installed Milnor washers and Huebsch dryers, along with Ecolab liquid chemicals, in the main on premise laundry in the Episcopal Church Home building. Laundry for residents in the other communities on campus is done by aids in home type washers and dryers using Ecolab's Brite White premeasured water soluble packets. "Everyone loves the convenience, cleaning power and aroma of the Brite White product" commented Meagan Schumann, Environmental Services Supervisor.

The Episcopal Homes senior community is truly the newest jewel in the revitalized St. Paul Midway neighborhood.

Jessica, Plaza housekeeper; Pat, Laundry Aid; Meagan Schumann, Environmental Services Supervisor

Sankosha dry cleaning finishing equipment was introduced to the U.S.A. 21 years ago. Since then, Sankosha has revolutionized the way shirts and other garments are finished. Sankosha finishing and bagging machines lead - and all their competitors follow. Minnesota Chemical is proud to be Sankosha's first dealer in the U.S. and we look forward to providing our customers with the best dry cleaning equipment in the world.

Dry Cleaners

Foster-Stephens, inc.

Personalization – Because Everyone Likes To Be Special!

Whether it's a bride who wants her new name and wedding date highlighted when storing her bridal gown, a couture cleaner who wants to brand their elegant preservations with their logo silk-screened on a muslin bag or printed on their own custom box, we can personalize for you!

Silkscreened Logos

Silkscreening is an inexpensive method for those who only do a few preservations a month. Minimum quantity is any 12 muslin bags with the same size art. Brand your preservations with your store logo and have your specialty service stand out from the crowd. We can match any colors up to 2 color artwork. Max size is 12" x 12". Full size pdf file needed.

Individual Embroidery

Help someone commemorate a very special person or a day such as a wedding, the birth of a baby, first communion of a child, ancestor's military career, graduation, anniversary and many other special occasions. Choose from one of our popular colors and we will embroider a muslin bag with a monogram or up to 3 lines of type, 25 characters per line. Choice of 4 different fonts.

Pest Control

Effective, Safe* and Natural**

Finally, an effective solution to crawling and flying insects that can be used on food contact surfaces. Use it with confidence – even while your facility is in operation – to help maintain a pest-free facility.

Delivers immediate impact upon contact

Spray Finito™ directly on flying and crawling insects for immediate results.

- Cockroaches
- Ants
- Spiders
- Drain flies
- House flies
- Bed bugs
- And more

You can use Finito™ in many environments such as Full Service Restaurant, Hospitality, Healthcare and Schools.

Safe choice

- EPA-exempt pesticide
- Low human toxicity per OSHA guidelines
- Biodegradable ingredients
- Non-flammable
- No added fragrances

Convenient and easy to use

This ready-to-use spray is simple to use – just point nozzle at targeted pest, spray and wipe up.

- No mixing required
- Non-corrosive
- Non-staining

Safe for food contact surfaces

Finito™ may be used in commercial food handling and food preparation areas.

- For use on countertops and other food contact surfaces
- Use it right while you work – no business disruption, shutdown or waiting until after hours

ECOLAB®

Everywhere It Matters.™
