

Our Customers

Your Laundry, Milwaukee, WI

Sally and Doug Klingler opened their first vended laundry in April of this year. Since then, Your Laundry has established itself as the most modern and nicest laundry in Wisconsin. The Klinglers wanted to differentiate themselves, so they offer Alliance machines that accept credit, debit and loyalty cards as well as coins. Their Card Concepts loyalty program allows them to offer multiple promotions as well as staying in touch with their best customers. Amenities include, 6 video screens, wash alert, vended Keurig coffee, Wifi, drop off services and a power sliding door. Their hard work and vision has paid off for them and their customers.

Minnesota Chemical Company 2016 Calendar

Our 2016 MCC wall calendars will be delivered to you by month's end.

Our office and warehouse will be closed on November 26 and 27, December 24, 25, 31 and Jan. 1, 2016. Best wishes to you for a joyous Holiday Season and a prosperous New Year.

Should you wish a smaller version of this calendar, contact your MCC representative or give our St. Paul office a call.

Getting it Clean!

Get wedding dress hems clean without scrubbing and recleaning!

Also works GREAT on athletic uniforms and outerwear with ground in dirt

Clean Coat contains a unique blend of surfactants and other soil-removing ingredients to quickly and easily lift and dissolve the soil from the dirtiest and most filthy wedding gown that you have to clean. Cleaning hems is easy with Clean Coat. Just spray the hems and let them sit overnight. The next day, either wetclean or dryclean the gown. You will be amazed when you see how clean the hems are. Clean Coat comes packaged ready-to-use by the gallon with a trigger sprayer. The spray pattern allows for a large surface of the gown to be sprayed very quickly. With Clean Coat you do not need to purchase another spray spotter tank.

\$53 per gallon

Facility Maintenance

Entrance Matting

Wet sloppy weather is coming! Be prepared by making your entryways safe and attractive while ensuring a cleaner overall facility with NOTRAX® Premium Floor Mats.

Consider owning your own mats rather than renting. We can demonstrate pay-back figures. Many styles and sizes available.

Contact your MCC representative for full information.

15 Foot Rule

Between 70-80% of all moisture, dirt and debris are brought into a facility on the bottom of one's shoes. It has been recommended that at least 15 feet of matting is required to remove the majority of dirt and debris from foot traffic. 15 feet of matting ensures that each foot will make contact with the matting at least 3 times, providing adequate scraping and drying to stop most dirt and moisture at the entrance.

Ugg Re-Nu

Comprehensive **ONE-PRODUCT SOLUTION** of detergency, conditioners, and odor eliminators for the processing of Shearling Footwear

For processing 1, 2, or 3 pairs of footwear in a household type washer.

Run lights and darks separately!

- Program washer on delicate cycle, cold water, high level
- Measure 12 ounces of solution
- Using measured solution, lightly brush heavily soiled areas
- Pour balance of solution into washer and allow to mix well
- Place footwear in the washer with soles facing up
- Allow wash cycle to complete
- Air dry footwear at room temperature or in boiler room
- Dry brush footwear to re-nu the softness of the nap

GET READY FOR WINTER!

\$79.99 per Gallon

(Approximately \$2.50 chemical cost to process 1 pair of Uggs)

Recommended price for cleaning to consumer is \$25.00!
