

Gloss

RAL's Mint 2 Be Lip Gloss

Favorite hues are Honey Badger & Sun Sparkles. I love the spearminty fresh taste! Plus it is so moisturizing to my lips and the colors are amazing (as are all of their product hues).

Lipstick

Beauty Counter's Lip Sheer

In Nude & Scarlett. The Lip Sheer is my go-to when I am looking for a lipstick/gloss combo. The coverage is just right with a wet look. I love them pouty lips!

RAL's Lipstick

My favorite colors are Audrey (a sheer pink) & Starlet (when you wanna get your red on, in an everyday kind of way). The coverage is amazing and feels smooth, like a natural lip butter.

Lip Liner

RAL's Lip Pencil in Natural

This is my go-to lip liner to match with every lipstick color. Like their lipsticks, the color glides on and lasts for hours!
