

# Cleansers

## Eminence Rice Milk 3-in-1 Cleansing Water

*This cleanse is a luxurious drink for your skin. I do not use much of this, or every day, but I do enjoy how creamy my skin feels, after using it. I love the rice milk base which moisturizes my skin and evens out my skin tone.*

## Annmarie Gianni Aloe Herb Cleanser

*I love how fresh this cleanser makes my face feel, without causing any dryness.*

# Toner

## Primal Life Organics Banished Facial Toner

*Just in case my cleanser or oil hasn't removed all of the impurities, I tone my skin with this tightening and antibacterial toner.*

## Rosewater

*The Rose flower has the highest energetic vibration, when it comes to flowers, and the water can impart that on your skin. I think of Rosewater as a Skin Prayer or Meditation.*

# Serums

## Annmarie Gianni Repair Serum

*I have a bit of sun damage, from my younger tanning years, and this serum has actually improved the pigmentation of my skin.*

## Primal Life Organics Carrot Seed Serum

*Another serum to protect and correct my skin from sun damage while leaving me deeply moisturized.*

# Scrubs

## Dirty-Ex Sweet Revenge Scrub

*This scrub is cleansing, exfoliating and detoxifying! I particularly enjoy the caffeine crystals that tone and tighten my skin. I also enjoy the enzymatic benefits of the pineapple extract. Isn't nature amazing?*

## Annmarie Gianni Ayurvedic Facial Scrub

*What I love most about this scrub is how balanced and polished I feel, after using it. Neem is an incredible herb that combats bacteria, which we definitely do not want on the surface of our skin!*

## Eye Cream

### Annmarie Gianni Anti-Aging Eye Cream

*Keeps the smile creases around my eyes plump and hydrated!*

## Masks

### Eminence Yam & Pumpkin Enzyme Peel

*Leaves my skin feeling brighter, fresher and more youthful.*

### Eminence Eight Greens Phyto Masque

*A refreshing cocktail of greens for my skin! Greens contain chlorophyll, which is trapped sunlight, which adds nutritious value to my skin as well as brightens me right up!*

# Facial Oils

## Annmarie Gianni's Anti-Aging Facial Oil

*I use this facial oil in the am or pm because it does not leave my skin feeling greasy, rather my skin feels fresh and bright! It is chock full of antioxidants (green tea, chia & broccoli) and provides toning and tightening for the texture of my skin.*

## Gressa Purifying Facial Oil

*I particularly enjoy this facial oil in the pm, as it is lightweight and leaves my skin feeling refreshed.*
