The Old Saybrook Chamber of Commerce hosts the 52nd Annual Old Saybrook Arts and Crafts Festival presented by Liberty Bank. With 150 fine artisans and crafters and visitors expected to top 10,000, the Arts & Crafts Festival has become a signature summer event on the shoreline.

We'd like to especially thank our sponsors Liberty Bank, Middlesex Hospital, and Middlesex Hospital Urgent Care for their generous support.

BE A FRIEND, a friend of the Festival that is! Last year, nearly 60 businesses and individuals supported the Festival with a \$100 "friend" sponsorship. Your donations are invaluable to the success of the festival. Space is available to include your business name on the festival flyer as a "friend" of the Festival. These handy, printed maps literally fly off the tables, are distributed throughout town and to the 10,000+ attendees. Please call the office at (860) 388-3266 to reserve your sponsorship.

OR BE A VOLUNTEER. Volunteers are the backbone of the Arts & Crafts Festival, helping to set up, greet visitors, aid exhibitors, direct parking, deliver water, dispense directions, advise and support...

Letter from the Board President

Happy summer, it is finally here! I hope you had a good spring and gearing up for a busy summer season. I cannot believe we are through the first half of the year already.

The Board of Directors and Chamber staff have been very busy developing our strategic plan and beginning the implementation of it, updating the website, hosting Chamber Connections, Educational events and much, much more. We are all looking forward to working hard over the next six months to make 2015 a big success.

As most of you know, our 52nd Annual Arts and Crafts Festival is right around the corner on July 25 and 26th presented by Liberty Bank!! Each July over 150 artists and crafters convene on the town Green for this highly anticipated event. The Festival attracts over 10,000 visitors who enjoy looking for that special piece of art. Categories include stained glass, quilts, pottery, sculpture, jewelry, photography, leather, painting, acrylic, wood carving and more. We need help and volunteers to make this great community event successful. If you can spare even a couple of hours on either Saturday or Sunday, please let us know. We also need assistance in the Chamber booth, setting up, assisting with

parking, and of course the clean up once it all ends. PLEASE consider helping!

We have a sign-up sheet right on the Chamber web site, or feel free to contact the Chamber office or me at Lwoll@waterfordhotelgroup.com or 860-326-0330.

We are also looking for "Friends" of the festival. Donate \$100 and your business or organization name will be included on the Festival Map to be distributed throughout town and at the Festival.

Let's make it a banner year for Arts & Crafts!

Thank you all and hope to see you at the next event.

Fifty at Annual Banquet--Local Improvements Announced And Further Plans Made

Fifty members of the Old Saybrook chamber of Commerce held their annual meeting and banquet at the Pease House, Saybrook Point, Wednesday evening. Following the dinner, E. LeRoy Brainard of the state Employment Service spoke on the working of his office and the system employed.

G. Fred King, president, was in charge of the business session. The following names were presented by the nominating committee and were elected: G. Fred King, re-elected president; Stephen Hanford, vice-president; Gordon b. Smith, treasurer; Irving LaMay, secretary. Board of directors, Frederick Chapman, Mrs. Charles Ketchen, Mrs. Robert Ward, A. L. Dudley, John Bergin, Frank Brennan, Joseph Cosulich and Ralph Thurston. Dr. Aaron Greenberg was appointed in charge of publicity and George Rogers was appointed to confer with the New Haven Railroad in regard to the stopping of Train No. 7 at this station.

Irving LaMay reported that the CT State park and Forest Commission has taken over the tract of land containing 14 1/2 acres at Saybrook Point, formerly owned by the New Haven Railroad and this tract would be turned into a park. A suggestion was made that a portion of the property be made into a small boat harbor.

John Bergin and David Connors reported on the committee meeting of representatives of the Madison, Westbrook, Guilford, Clinton and Old Saybrook Chamber of Commerce

held Wednesday night in Madison when there was a discussion of the signs routing traffic over Route 80 which have been placed at various intersections of the shore route. Steps will be taken by the Shore line organizations to erect signs advertising the shore route for its scenic beauty.

Group singing with A. D. W. Chalker of Essex at the piano was held during the program of entertainment.

The New Era was a Deep River-based newspaper covering the news of the Lower CT River Valley and was in print from 1874—1977.

KEN GRIBBON - ONE TOUGH MUDDER

By day, Ken Gribbon is Director of Sales at Saybrook Point Inn & Spa. But off-hours, it's a different story. You might say Ken is something of a weekend warrior, having participated in the Tough Mudder competition at Mount Snow last month. Tough Mudder is a "team-oriented 10-12 mile (18-20 km) obstacle course designed to test physical strength and mental grit." Tough Mudders aren't in it to win, they're in it for the challenge, for the experience, and hopefully to complete the course. Events are held in the U.S., Canada, and internationally. Tough Mudder is a supporter of Wounded Warrior Project® and has raised over \$6 million for WWP.

Ken: I always wanted to run a marathon but never took the steps to do one. A few friends had done these Tough Mudders previously and I saw the perfect opportunity to sign up. I figured that I had to see it through at that point, as I signed up with friends (self-induced peer pressure) and it was a great goal to use to get in shape and accomplish a hard challenge (10.3 total miles up and down Mt. Snow with 20 obstacles).

This year I trained from early February through the event date of June 6. Mainly early morning workouts at home for 50-60 minutes a day, three days a week. As Spring eventually rolled around, I did a weekly 3 mile run through wooded trails near my home. Running isn't a big component of the Tough Mudder but it built overall endurance. This was my second TM, I finished last year's too. It's a tremendous experience.

I wanted to run this year just to say I did two and not one and done. But I'll sign up for a third as the feeling is pretty unique when you cross the finish line and I want to feel that again. There is a total feeling of camaraderie amongst teammates and fellow competitors (strangers helping strangers) and the mental challenge is right up there with the physical tests. At the 6 mile mark, after swimming in 33 degree water, crawling in mud under barb wire and other assorted tasks, you look up from the base and see that you have 4 miles left including going back up to the top. Pretty daunting but again, a great feeling when you cross the finish line.
