Sponsorship and Partnership Guideline

As a Not-for-Profit organization, sponsors support is an integral role in the success of the Chamber's activities. Any support from our business community is greatly appreciated. In order to be consistent and fair with all our members, we have devised the below criteria to ensure all members have the opportunity to become involved in the Chamber's events.

Partnership with Orléans Chamber of Commerce

Business for Breakfast

Concept

The Orléans Chamber of Commerce to form a strategic alliance on existing monthly breakfast meetings with a member of the Chamber. Both organizations would be providing a valuable, ongoing networking and learning opportunity to their memberships, and have a venue to deepen relationships with members.

Mutually Beneficial

A joint venture would have benefits for both partners:

- Immediately, breakfasts can be communicated as a win-win for both partners, as an example of collaboration / strategic partnership for the benefit of all members.
- Both partners would be providing something of value to members each month, while continuing to providing their own unique offerings to their memberships/clients.
- There would be significant potential to increase registration numbers for breakfasts, as both the Chamber and the partner would market and promote to their respective memberships/clients.
- A specific benefit to the Chamber is the potential to grow their membership and revenues over time with access to clients of the partner.
- A specific benefit to the partner is to tap into and help grow an existing monthly event, rather than develop a stand-alone event for members/clients.

Proposal Details

- The partner would provide the Chamber with \$2000 per calendar year.
- The partner would provide the content (i.e., keynote speakers) for two breakfasts per year, months to be determined. Speakers would be vetted by the Chamber's Breakfast Committee.
- The partner would co-host the two months when providing the speaker, and MC the speaker portion.
- The partner would provide a short (i.e., 5-minute) agenda item at all breakfasts and have the opportunity to bring promotional materials (i.e., pop-up banner, handouts).
- The partner would provide support at the registration table at all breakfasts.
- The Chamber would continue to organize the logistics, such as online registration, catering, venue, and rentals.

- Both Chamber and the partner’s memberships/clients would register for the breakfasts at the membership rate.
- Both the Chamber and the partner would promote breakfasts to their memberships via eNewsletters, website and social media spaces, and links to the breakfast registration.
- All promotion for the breakfasts would be “The Orléans Chamber of Commerce presents Business for Breakfast, in partnership with *the partner*”, and would include the logos and website links to both partners.
