55-0040 Model 40 Motor Trim and Tilt Weekender Series

This economical trim and tilt is designed specifically for the casual or weekend angler. The Model 40 is made from 1/4" heavy duty fabricated aluminum, finished with durable black powder coat.

This bracket will accommodate clamp-on outboards up to 150 pounds or 35HP. The powerful electro-mechanical actuator provides automatic trim and tilt, controlled by a water resistant push-button up/down control on a 12 foot cable.

To provide adequate support for your Panther bracket, the transom side of the bracket must be fully covered by the boats transom.

Weight 27 lbs.
