## Safe-Skeg Ultimate Stainless Steel Skeg Protection

Whether you are looking to protect your new skeg, repair your damaged one, or even just add some shine, the Safe-Skeg is the easiest and most cost efficient way to do it. The Safe-Skeg is made of 316 Marine Grade Stainless Steel and installation takes minutes.

Material Thickness: 1.5mm, 50% thicker than the competition.  
Drain Hole to protect against corrosion and freeze-up.  
Brilliantly polished with seamless design.  
Skid Plate not necessary due to extra thickness in material.  
Packaging identifies which motors each specific models will fit.

Does it look like this now?

It can look like this in minutes

Drill two holes

Simple tools (included) to install  
Safe-Skeg
