Mr. Paul McLellan
SCC Energy Efficiency Task Force Chair
Saskatchewan Chamber of Commerce
1630 – 1929 Broad Street
REGINA SK S4P 3V2

Dear Mr. McLellan:

Thank you for your letter of November 10, 2017, advising of the Saskatchewan Chamber of Commerce (SCC) Energy Efficiency Strategy and for the follow-up email of November 14, 2017, providing additional Energy Strategy material.

On December 4, 2017, the Honourable Dustin Duncan, Minister of Environment, released the Government of Saskatchewan's Made-in-Saskatchewan's Climate Change Strategy entitled *Prairie Resilience*. Under this strategy, the Government of Saskatchewan will pursue a coordinated range of new initiatives. Consultations will begin in 2018 with a range of stakeholders, including SCC.

Thank you for bringing this matter to my attention and that of my Cabinet colleagues.

Sincerely,

Nancy Heppner
Minister of Energy and Resources
