

HOT DEALS

Free Member Marketing!

The Chamber invites member businesses to increase their visibility and present a special offer or discount to fellow members as well as the general public through the **Hot Deals** program via The Chamber’s website, www.gsc.org. Member offers can provide additional exposure for your membership and can be easily found by a prominent link on the home page of the website.

To offer a Hot Deal, log in to the members only section at www.gsc.org and fill out the online Hot Deals form (contact The Chamber if you need your username and password) OR fill out the form below and submit it to The Chamber office. Once your Hot Deal is approved, it will appear on the website.

Members and consumers can quickly download it to take advantage of your offer. Check the site regularly as new Hot Deals are posted and follow The Chamber on Facebook, as offers are automatically posted once they are approved. The offers can also be found through the online business directory and The Chamber’s smartphone app, MemberPlus. **This program is free and only available to member businesses.**

The **Hot Deals** program offers members and their employees the opportunity to:

- Save money when making purchases at participating Chamber merchants
- Stimulate new business through increased exposure and word-of-mouth referrals by Chamber member companies and their employees
- Encourage Chamber members to patronize their fellow member’s business

Market your products and services to over 1,400 members at no cost!
