

## **St. Cloud Area Genealogists, Inc.**

About 45 years ago, a few people started this organization just to work together in researching their families. We continue that tradition in identifying our ancestors and learning more about our own backyard.

We are fiercely proud of our heritage and invite you to join us in our quest for knowledge. Our members' research goes well beyond St. Cloud to every corner of the globe.

Whether you come from a family that has been here for 150 years or are new to the area, we welcome you to join us.

History is important to all of us; to know our ancestors is to know ourselves. St. Cloud Area Genealogists, Inc. began meeting in 1974 to preserve this history.

As a 501 (c) (3) non-profit organization, St. Cloud Area Genealogists, Inc. is a premier society for everyone from the beginner to the most advanced family historian. It operates through assistance of volunteers. Members conduct their own research and help others who want to learn more about how to find genealogical information.
