About The Reigate Homeopathic Practice

The Reigate Homeopathic Practice was established in 2002 by Keith and Irma, and has attracted patients from the Redhill, Godstone, Tadworth, Dorking, Caterham, Oxted, Horley and Crawley areas, as well as from the local Reigate area. We recently decided to expand our practice, and moved to Yoga Ananda in January 2015.

We look forward to welcoming you here.

About Homeopathy

Homeopathy is a gentle and holistic system of medicine which works by stimulating the body's own healing resources to overcome disease and bring about a lasting recovery. It recognises that all the symptoms of disease are expressions of disharmony within the whole person and that it is the person who needs treatment, not the disease.

Homeopathy as we know it today has been used for the past 200 years and was developed by a German Physician called Samuel Hahnemann, but the principle behind Homeopathy is 2,500 years old.

The word Homeopathy comes from the Greek and means 'similar suffering'. This refers to the central philosophy that a substance that can produce symptoms in a healthy person, can cure those symptoms in a person who is ill.
